

APPLICATION PROCESS

Whether you're applying for A Levels or Vocational courses, the application process is the same. This guide will walk you through each step to help you apply with confidence and ease.

01

1. Apply

Begin your journey by completing our online application form via the college website. This is your chance to tell us about your interests, qualifications, and the course you'd like to study. The admissions team are here to support you if you need help during the process.

2. Interview

Once your application is submitted, you'll be invited to attend an interview. This is a friendly and informal opportunity to discuss your goals, ask questions, and make sure the course is the right fit for you.

02

3. Offer

Following your interview, you'll receive a conditional offer depending on your current qualifications. This offer confirms your place and outlines any entry requirements you'll need to meet.

03

4. Receive Grades

When you receive your exam results, we'll review them to confirm your place. If you meet the conditions of your offer, your place will be secured. If your results are different than expected, we'll work with you to explore alternative options.

04

5. Enrolment

The final step is enrolment, where you officially join the college. You'll receive your timetable, student ID, and all the information you need to get started. Welcome to the next exciting chapter of your education!
